

**SITE**

City Maintenance Vehicles  
Los Angeles, CA

**SURFACE**

Utility Truck

**SOLUTION**

Graffiti

**SUMMARY**

The city of Los Angeles' maintenance vehicles are constantly tagged by graffiti vandals. The tagged vehicles are re-sprayed at an average cost of \$5,000 per vehicle. With a simple application of TruNano™ Graffiti Armor over the paint, graffiti is easily cleaned off, preventing damage to the substrate and eliminating the need to re-spray the vehicle.
